Type of Document	Subject Matter	Author	Recipient	Date	Privilege Asserted
Certain documents contained in the bates ranges 02:008939-9042 have been selected for translation at the direction of Defendants' counsel. The translations themselves are therefore protected as work-product. Moreover, the decision to translate certain documents (or portions of certain documents) within the above-referenced bates ranges was made by counsel for the purpose of litigation. The identification of which documents (or portions of documents) counsel chose to select for translation, and the disclosure of the dates on which such translations were obtained, would therefore reveal counsel's mental impressions, which are also protected from disclosure as work product.
